

Cookie Policy

SmartTrade's websites <https://bot.smart-trade.ltd/> and <https://smart-trade.ltd/> uses cookies in order to make personalized functions available and to analyze the use of SmartTrade's website. A cookie is a small file which stores certain information about a user's access device (PC, Tablet, Smartphone etc.). When a device accesses SmartTrade's website, the server receives cookies. The server can evaluate the information stored in the cookie using different methods. Cookies enable personalized advertisements according to the collected user behavior and by collecting statistical data of the use of the website. Users may accept or disable cookies through their browser settings. However, if a user disables cookies, he or she may not be able to use all interactive functions of SmartTrade's website.

Moreover, every single web page uses log files; for every page impression, the access data is saved to the server log. The saved data contains the following details:

- the date, the time, the file accessed, the status, the request that the user's browser sent to the server, the amount of data transmitted, and the web page from which the user accessed the requested page (referrer)
- the product and version information of the browser used, the user's operating system, and the user's country of origin.

SmartTrade only uses the log data in an anonymized form (i.e. without any allocation to or indications about the user's person) for statistical analyses; for instance to find out on which days and at what times SmartTrade's web pages are most popular and how much data volume is generated on SmartTrade's web pages. Moreover, the log files enable SmartTrade to detect possible errors, such as faulty links or software bugs. Thus, SmartTrade can use the log files for the further development of SmartTrade's web pages. SmartTrade never associates the use and page impressions that are stored in the server log with individual persons. SmartTrade reserves the right to use data from log files if it is suspected that users are using SmartTrade's websites and/or services in an unlawful or non-contractual way.

SmartTrade reserves the right to make changes to this Cookie Policy at any time and for any reason. Any changes or modifications will be effective immediately upon posting the updated Cookie Policy on the Sites, and you waive the right to receive specific notice of each such change or modification.

You are encouraged to periodically review this Cookie Policy to stay informed of updates. You will be deemed to have been made aware of, will be subject to, and will be deemed to have accepted the changes in any revised Cookie Policy by your continued use of the Sites after the date such revised Cookie Policy is posted.

If you do not accept this Cookie Policy, please do not use our Websites.

For further information regarding the Cookie Policy, please contact us at info@smart-trade.ltd.
